

**University Park
Civic Foundation**

The Park Donation Project is a community-based effort that seeks private donations to fund park improvements. All donations are deposited in the University Park Civic Fund (UPCF) and are tax deductible.

The UPCF is a non-profit, charitable corporation affiliated with the City. It was created to provide residents and others a charitable pathway to assist with projects generally outside the scope of City capital projects.

Put Your Mark on the Park

This program supports the purchase of playground equipment and park amenities like park benches, tables and drinking fountains.

Donations are recognized through the placement of an engraved border or family stone.

For a major donation of a park bench, a large inscription stone is placed in front of the seating area. This gift is a memorable way to honor someone special and provide seating for park visitors.

Remittance

Please return your completed form to:

City of University Park-
